We've Got the Rhythm, Now We Need the Instruments!

My students need unpitched percussion instruments to replace our worn out, falling apart, or missing instruments.

My Students

The students at our PreK-5th Grade elementary school have a wide variety of backgrounds. They come to school ready to learn, and when they get to the music room, they are ready to make music! However, a lot of the resources at this school are older and starting to need to be replaced, including the instruments in our music room.

All students in Kinder-5th grade get to attend one 50 minute music class a week.

Mrs. Kennedy

Grades PreK-2

Harriet Treem Elementary School

Henderson, NV

More than half of students from low-income households ⓘ

They love to make the most of their time in music with active music making! To do that we need more resources. My students love to sing, move and play instruments.

We are a Title I, Tier 2 school, with approximately 71% of our students qualifying for free and reduced breakfast/lunch. Our transiency rate is around 37%.

My Project

My students need unpitched percussion instruments for musical instruction. Students in K-2 usually start their instrument experience playing unpitched percussion instruments. These instruments are smaller, and less fragile than pitched percussion. This makes them easier to share and play!

New woodblocks, tambourines, and cowbells made for smaller hands will help my students to be more successful playing these instruments.

Young students need to explore different playing techniques, with lots of repeated practice first with steady beat, then with rhythms. New instruments will allow more students to participate at the same time, allowing my students to stay more engaged during class.

Donations to this project are now being matched, thanks to support from An Anonymous Arts Funder. Every child should have access to essential art materials and experiences. An education in the arts makes children well-rounded, engaged, and active citizens of the world. This project has been supported in an effort to ensure that all students gain from the many benefits that arts education provides.
